WITHDRAWN

September 1, 1989

Dr. Harmon C. McAllister  
The Council for Tobacco Research-U.S.A., Inc.  
900 Third Avenue  
New York, NY 10022

Dear Dr. McAllister:

Thank you for your letter of April 20, 1989 expressing interest in obtaining a full research application ("Ca<sup>2+</sup> and phosphocalmodulin in the mechanism of action of growth factors" - case #2524) from me. I am writing to inform you that I will not be submitting an application because this project has recently been funded by the American Cancer Society.

Thank you for reviewing my preliminary proposal and I hope to have future interactions with the Council for Tobacco Research.

Sincerely yours,

*Jay McDonald*
